

Assembly Instructions for: All - Locking Lockers

Instructions: Unbox unit and find hardware bag inside of box.

- 1 - All Locking Locker have the same connector bolts.
- 2 - Place bottom section where you wish the unit to be.
Once bolted together the unit will be very heavy.
- 3 - Put the next section on top of the one below and drop bolt through hole and tighten with screw driver as shown, repeat for other side.
- 4 - Repeat for any top section if needed.

Do not bolt together more than three 3 sections.
